Who We Are

For more than 12 years The Design Edge has offered best Quality premium cowhide bags and accessories.

A family run business that started 25 years ago, supplying premium quality leather bags and accessories all across the globe.

We Follow Strict Ethical Standards

We often get asked about the morality of selling fur and hides. All our Hides are simply a Bi Product of this industry. We have guarantees from all of our suppliers that the hides we sell come from ethically sourced high quality certificated farms.

All the animals live good lives and have plenty of space to live organically. The Design Edge would never knowingly sell a product that had been miss-treated in any way.

We Use 100% Genuine Leather

Every product we bring to our customers is unique and one of kind. Made of top quality leather which is strong and has a soft, natural look and feel.

We call it "leather that cares," given the fact that it cares for itself by becoming more textured and richer with age.

Cowhide & Leather

Genuine leather, cowhide and suede are all natural products making each of our items have a unique appearance in colour, feel, markings and texture. There are colour variations in different lots of leather and no two pieces can look the same, also please be aware that with continuous use some abrasion may occur and this uniqueness creates a distinct appearance - Making your item special!

To prolong the life of your cowhide or leather product, please treat your item very delicately by avoiding: Excessive rubbing- Rough surfaces- Areas containing high moisture - direct sunlight. In cowhide products- hair fall is natural and may occur.
